

Openness Profile:

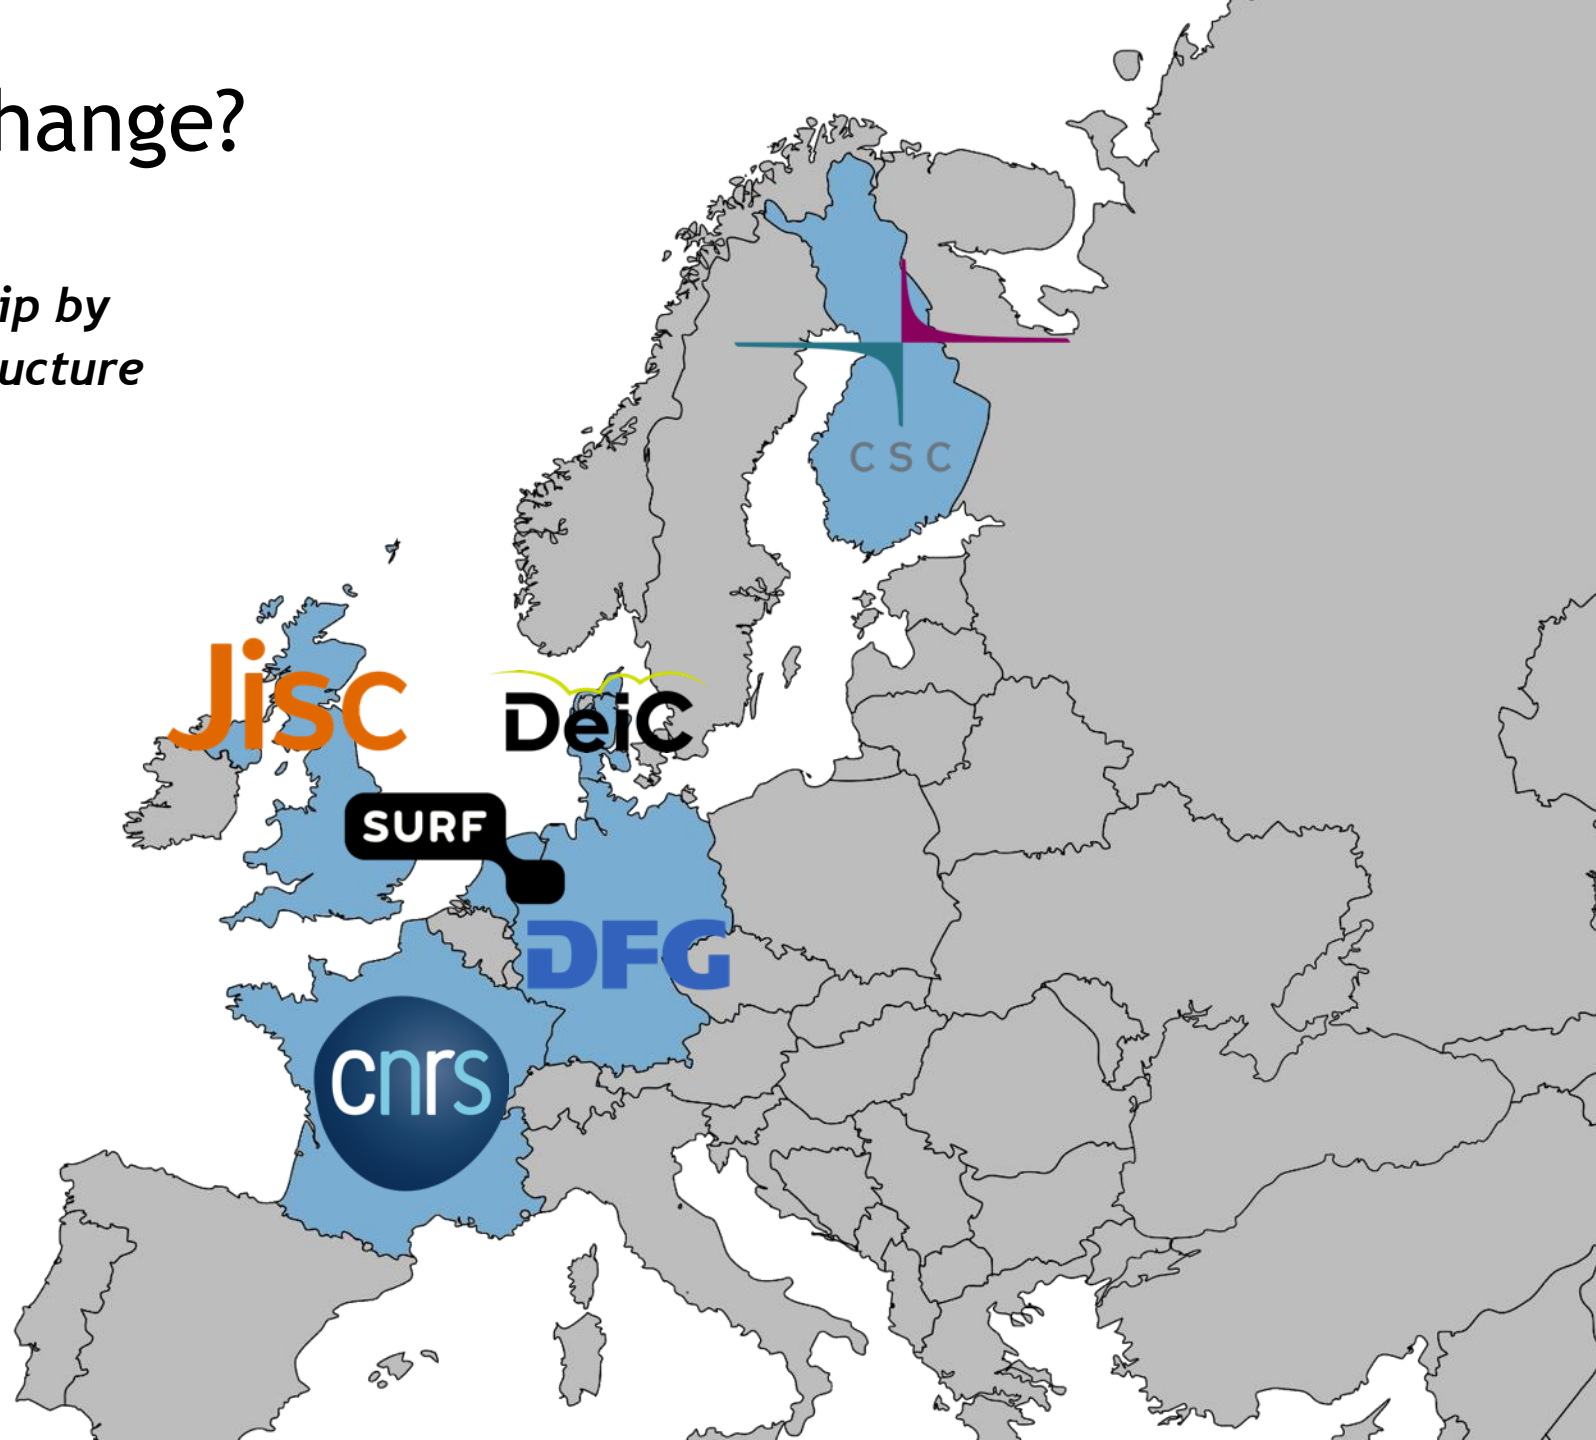

Modelling Research Evaluation for Open Scholarship

Journée Science Ouverte et Évaluation, CNRS

Dr Fiona Murphy & Dr Phill Jones of MoreBrains

Who is Knowledge Exchange?

Mission: *“To enable open scholarship by supporting an information infrastructure on an international level”*

| Outline

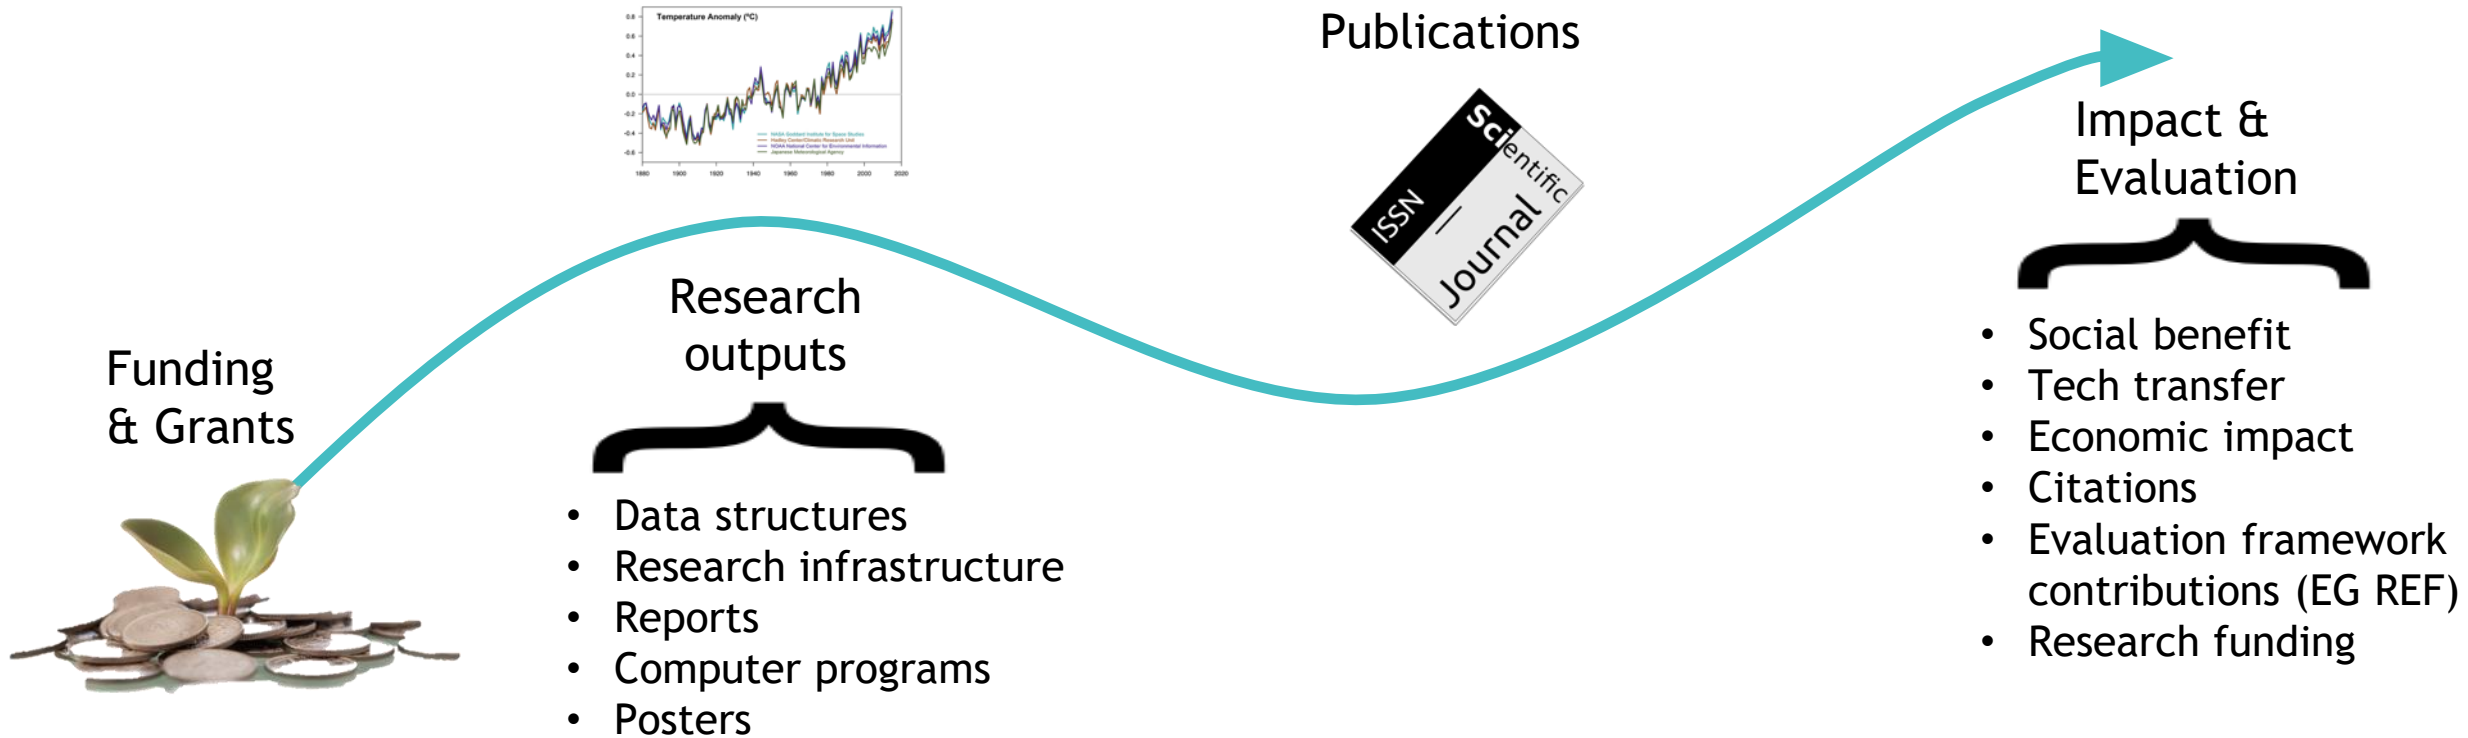

- Why is an Openness Profile needed, and what would it look like?
- A framework to incentivise open scholarship
- What needs to happen to make it a reality

Why an Openness Profile is needed

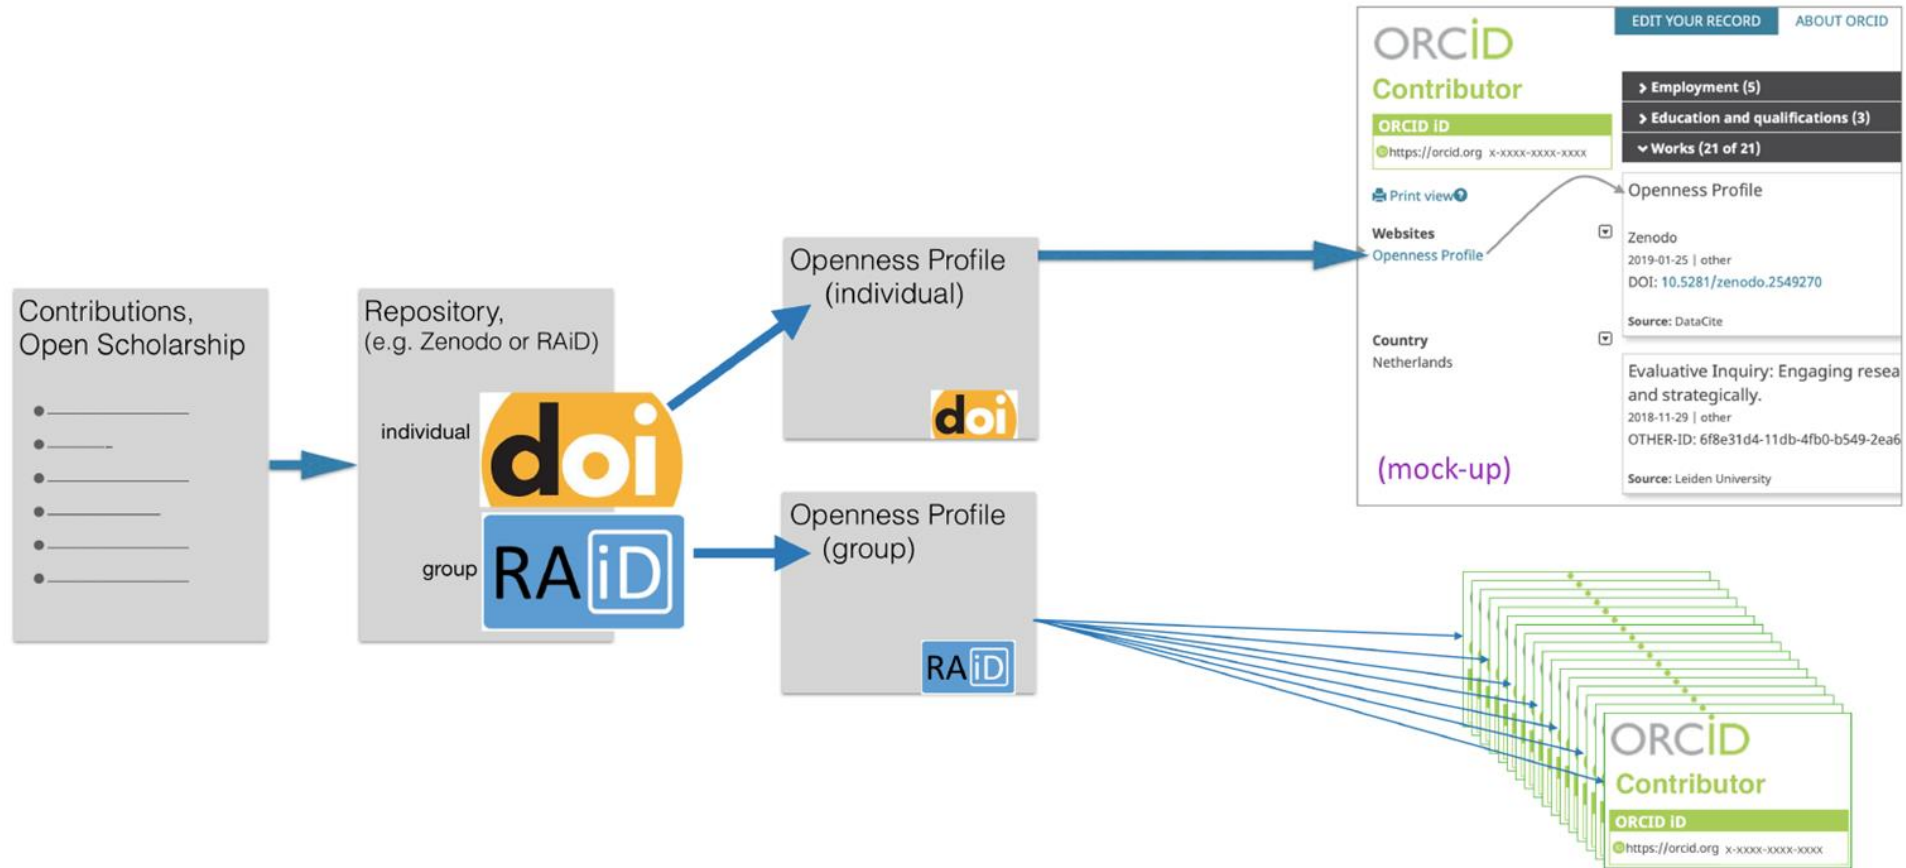

... and what it would look like

Contribution and provenance across the scholarly value stream

Openness Profile Workflow (concept)

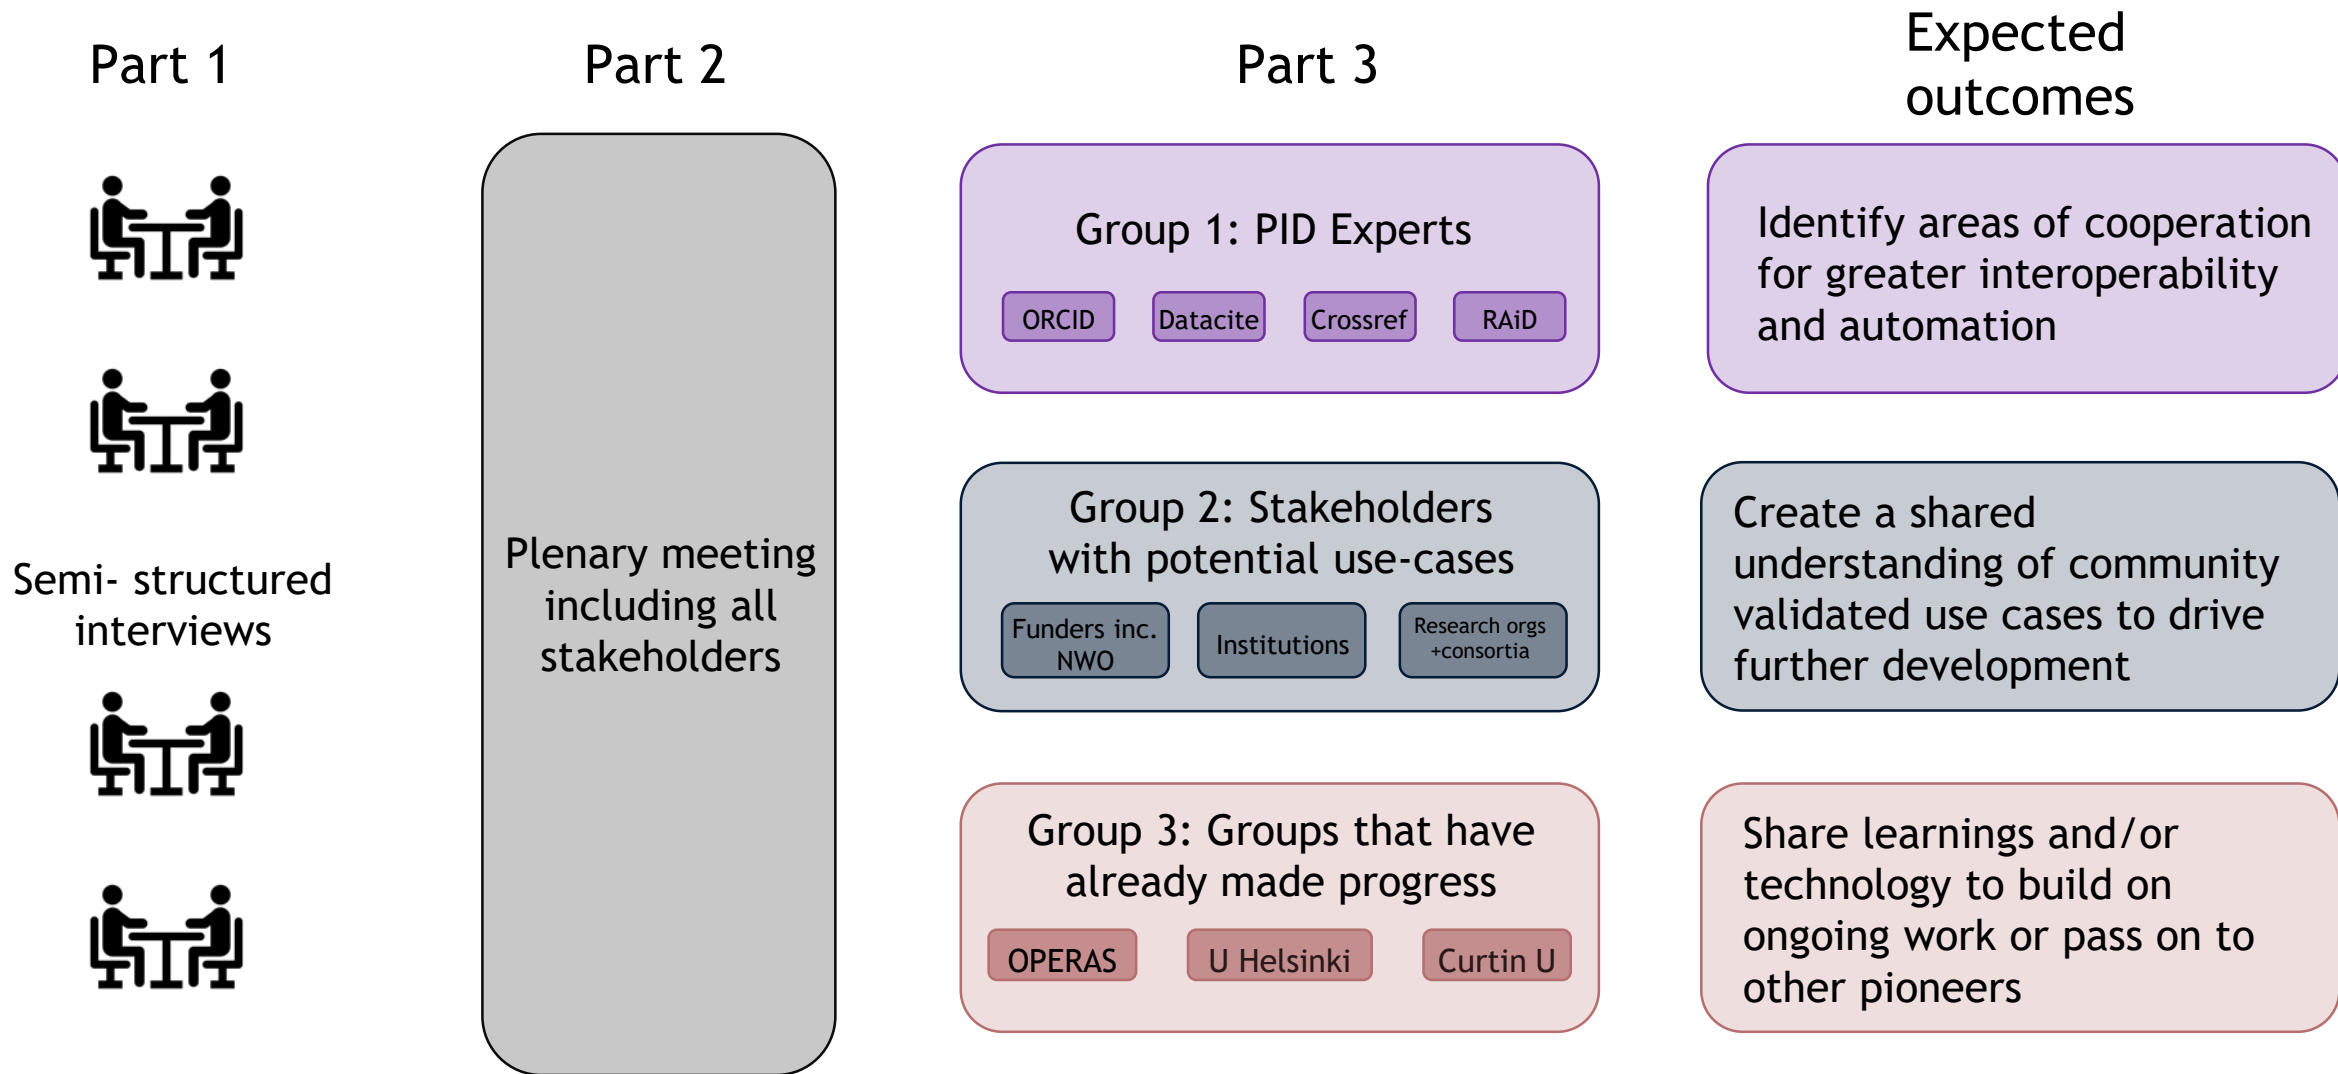

MORE+BRAINS

A framework to incentivise
open scholarship

Project scope

| 18 months, 48 organisations, 80 people

PID providers

Publishers

5 Organisations including trade associations

National Research Orgs

5 Organisations including members of KE

Universities

18 institutions from across the world

Funders

8 Organisations government and private

Others

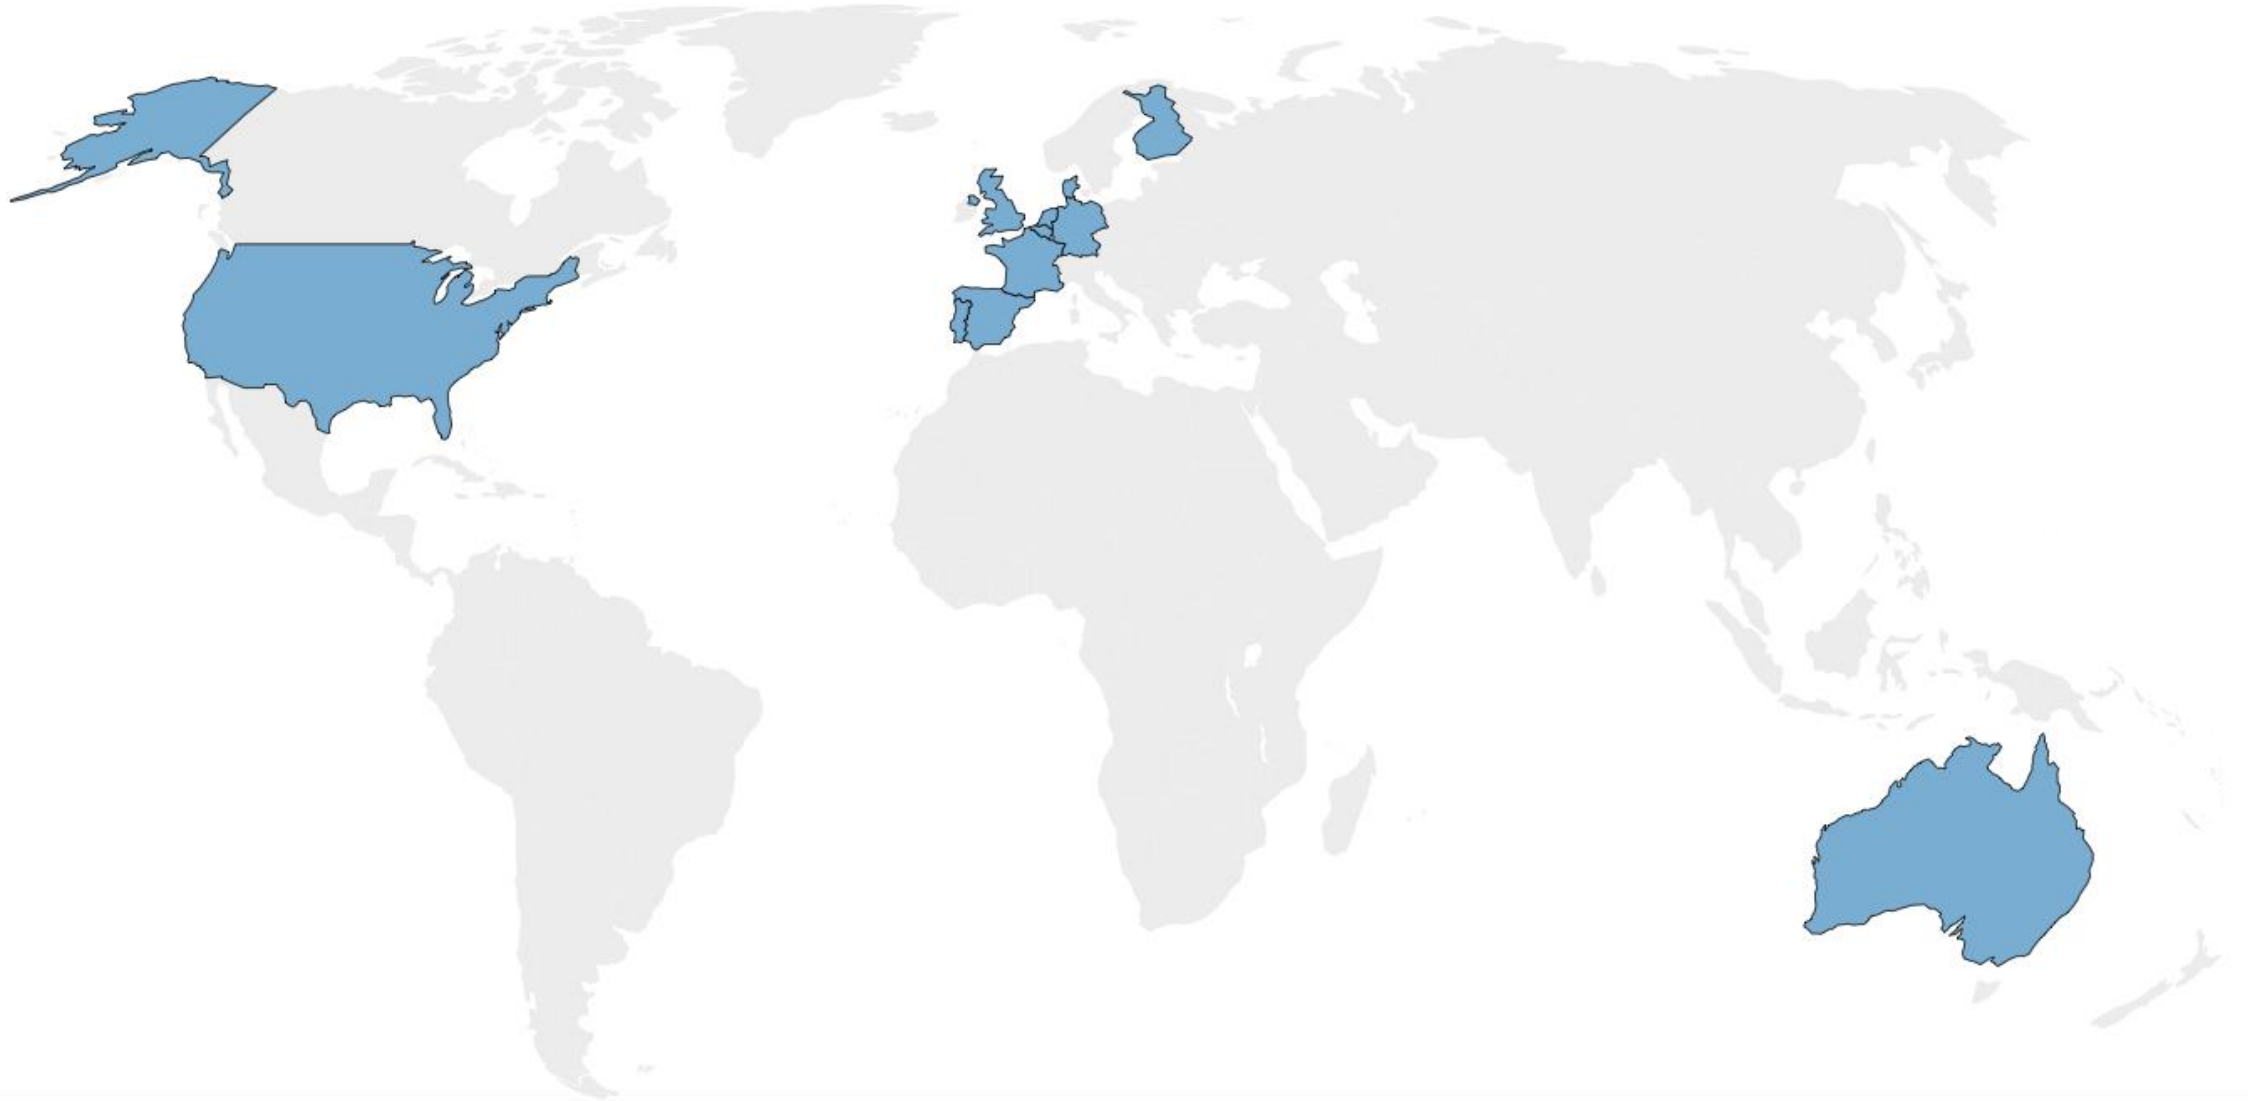

8 Stakeholders and private companies

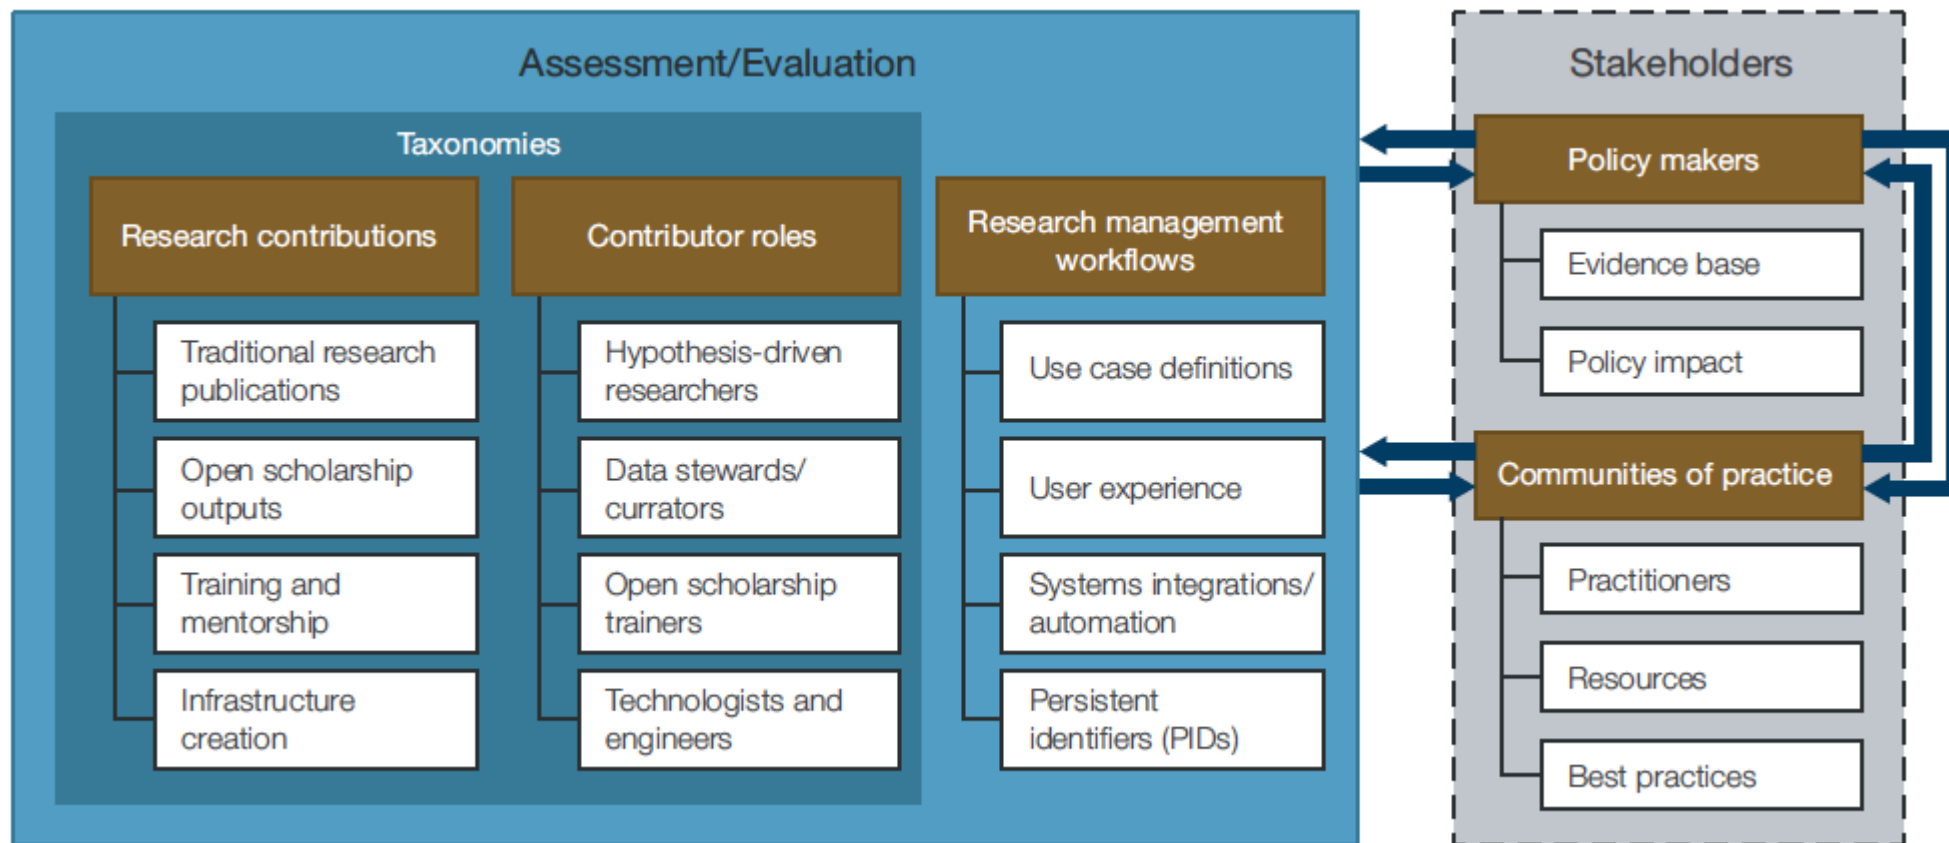

*Interviews, discussions and workshops
Multiple channels help every voice be heard*

| Global map of people we talked to

The openness profile reference model

International initiatives doing similar

What needs to happen

Our recommendations

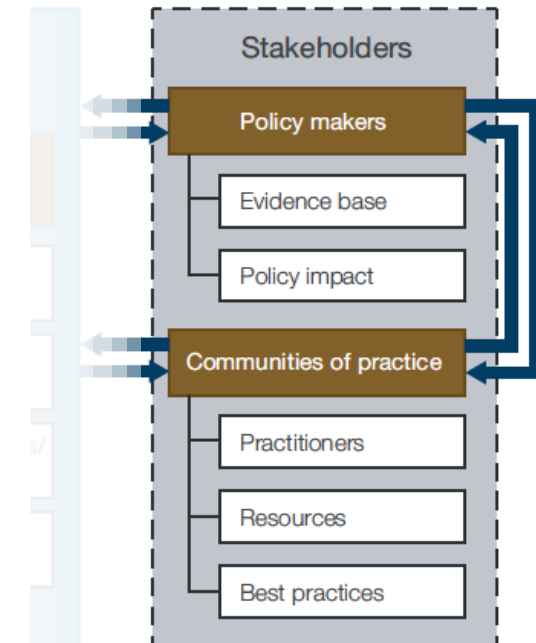

The importance of community consensus

With apologies to Randall Munroe: xkcd.com

Avoid the standards/ taxonomy proliferation trap by working across stakeholders to create community buy-in

| Next steps

- Summit meeting in development
